## WHAT HAPPENS IF THE POLICY IS SURRENDERED?

This is a traditional non-participating plan intended for long term savings and protection to meet your financial goals. We strongly advise that the policy should be continued throughout the defined Policy Term to realize the full policy benefits. Early surrender should not be opted for unless there is no other alternative available, as it will impact the policy value and intended goals may not be realized.

On surrender of the policy, the Surrender Value payable will be higher of {Guaranteed Surrender Value (GSV) or Special Surrender Value (SSV)} subject to a minimum of zero. However, the policy acquires a GSV or SSV only after payment of at least 2 consecutive years' premiums for PPT less than 10 years, and 3 consecutive years' premium for PPT of 10 years. SSV will be determined by the Company and may vary from time to time, with prior approval of the Authority.

The GSV is determined based on a defined % of total premiums paid and a defined % of Guaranteed Yearly Addition(s) added, and reduced to the extent of survival benefit already paid out for an in-force or Paid-up policy as applicable. For the details on GSV factors (percentages) applicable, please refer to the sample policy contract of this plan available on the Company's website.

## WHAT ARE THE OTHER BENEFITS IN THIS PLAN?

### Loan Facility <sup>T&C 3</sup>

To meet any contingent need, you may avail the loan facility in this plan, once the policy acquires a Surrender Value.

The minimum loan amount that can be availed is ₹ 5,000 and the maximum loan amount is 80% of prevailing Surrender Value at the time of availing the loan. Loan will be available for an in-force policy only.

The Company undertakes the review of the interest rate for Policy loans on 31st December every year with any changes resulting from the review being effective from the 1st of April of the following year. The applicable loan interest rate for the financial year 2018-19 is 8.60% per annum.

### Tax Benefit <sup>T&C 4</sup>

You may be entitled for tax benefits under Section 80C and Section 10(10D), as per the Income Tax Act, 1961 as amended from time to time.

## WHAT HAPPENS IF YOU STOP PAYING THE PREMIUMS?

Savings for your financial goals such as buying a house or your child's education, are some of your non-negotiable objectives. The plan is intended to meet your long term savings and protection needs towards your financial goals. Therefore, we strongly advise that the policy should be continued throughout the policy term to realize the full benefits. Discontinuing your premiums is not advisable unless no other alternative is available, as it will impact the policy value and intended goals may not be realized. The plan offers policy loan that can be availed (as per terms and conditions) to manage any liquidity needs.

If you fail to pay due premium within the grace period <sup>T&C 11</sup> in the first 2 consecutive policy years (for PPT less than 10 years), or in the first 3 consecutive policy years (for PPT of 10 years), then your policy will lapse at the expiry of the grace period <sup>T&C 11</sup> and the insurance cover will cease immediately. No benefit shall be payable upon death or upon your request for termination of the policy or on the expiry of the revival period.

## CAN THE POLICY BE REVIVED?

You can make a request for revival of your policy anytime during the revival period of 2 years from the due date of first unpaid premium. The revival of the policy will be as per the Board Approved Underwriting Policy of the Company. Post revival of the policy, the product benefits, including Guaranteed Yearly Additions, would be reinstated to the full level as if the Policy never entered the Paid-up status or Lapse state as applicable. To revive the policy, all past due premiums need to be paid by You along with applicable interest rate as defined by the Company from time to time (from respective premium due dates till the revival date). If a Policy in Lapse state is not revived within the revival period, it shall terminate upon expiry of the revival period.
